Action taken Report on Parents Feedback (Curriculum) 2022-23

1.Academic flexibility to generate opportunities to pursue interest by choosing own area

Action taken: Institute is affiliated to SPPU and hence follows the curriculum designed by SPPU, wherein, some of the courses do not have practical related to theoretical concepts. This lacuna has been overcome by teachers by utilizing videos, presentations, animations during their regular teaching. However, teachers supported the theoretical concept with models and videos. Institute also provide various platform to provide opportunities and they can improve their skill depending upon their interest.

2. Syllabus is synchronized with current trends and carrier orientation in the way to improve job opportunities

Action taken: The institute organizes a certificate course on 'Personality and Soft Skill Development' that helps students to develop competency and leadership qualities that help them to improve their interview skills. Additionally, the institute motivates students to participate in various poster and paper presentations competitions at National and international level and Institute also encourage for various placement drives in the college campus

**3.The course is well organized in manner to understand underlying concept**

Action taken: Institute Provide expert lecture serious where on weekly basis for all students. so that they can understand different concept and also relate to student industry interaction and they can able to solve different live problem and what the actual market need and what are the various gap in course .This kind of expert guest lecture series also help to improve the different skills and opportunities to student and bale have a platform to interact with Industry persons.

3. Exam and assignment are reflective of course content:

Action taken : From the above feedback from the stake holder Institute has department academic calender which make sure to have weekly and monthly test and IQAC(Internal quality assurance committee) helps different faculty to understand the course objects and the assignment as per the course content during the internal audit . we have a GFM module(Guardian faculty member) where for every 20 students one faculty is their as his mentor who helps the students with their academic and other activity these GFM has continuous interaction with parents which helps and improve students through college and after college hours.

4. Syllabus is designed to build the gap academic and industry

Action taken : Institute follows the curriculum designed by SPPU, wherein, institute does not have authority to make changes in the portion. However, the institute conducted various competitions such as poster presentations and model-making competitions, where students show-case their ideas and creativity. Students were motivated to participate in various competitions at national and international forums to inculcate creativity and innovative ideas. Students prepared you-tube videos which really showed their innovative ness towards performing experiments.
